

SOURAV DAS

ASPIRING MACHINE LEARNING ENGINEER

Barasath Kolkata|+91 7384542651 | ✉souravofficial@gmail.com | LinkedIn | [Github](#)

Career Objective

I am an aspiring Machine Learning Engineer with experience in building projects using Machine Learning, Deep Learning, Transformers, NLP, and Computer Vision. I am focused on solving real-world problems and continuously improving my skills. I am looking for an opportunity to apply my knowledge in practical environments and grow in the field of AI.

Education

Brainware University

Bachelor of Technology in Computer Science (AIML)
CGPA: 9.17/10

July 2023 – July 2027(Pursuing)

Barasat, West Bengal

Barajaguli Gopal Academy

Higher Secondary Education (WBCHSE Board)
Marks: 73%

2023

Projects

1. License Plate Detection System | [\(github\)](#)

YOLO, OCR, OpenCV, Python

- Developed an object detection system using YOLO to detect vehicle license plates
- Applied OCR to extract text from detected plates
- Built an end-to-end pipeline for automatic license plate recognition

2. Sentiment Analysis using Transformers | [\(github\)](#)

BERT, Hugging Face Transformers, Python

- Built a sentiment analysis model using BERT for text classification
- Fine-tuned the model on labeled data
- Classified text into positive, negative, and neutral sentiments

3. Face Mask Detection System| [\(github\)](#)

MTCNN, CNN, PyTorch, OpenCV

- Developed a deep learning model to detect face masks
- Used MTCNN for face detection and CNN for classification
- Implemented real-time detection using image/video input

Technical Skills

Languages: Python, SQL,HTML

ML/DL & Domains: Machine Learning, Deep Learning, NLP, Computer Vision, Transformers

Libraries: Pandas, Scikit-learn, NumPy, OpenCV, Keras, Hugging Face, NLTK, Regex

Frameworks: FastAPI, Flask, PyTorch,

Tools/Technologies : Git , CSS, Tailwind, Jupyter Notebook, Google Colab, ChatGPT, Claude, Copilot

Languages

- English
- Hindi
- Bengali
